Why would you recommend/not recommend this course?	<p>good information, well packaged</p> <p>charts provide good reference tool</p> <p>provides basic training necessary for implementing chelation protocols</p> <p>great charts, great teaching, engaging, well researched</p> <p>great to be able to immediately apply chelation knowledge following course</p> <p>useful information and resources provided</p> <p>able to keep on schedule despite distractions and constant questions</p> <p>damage control</p>					
What would you change about this course?	<p>more case studies</p> <p>less info on historical background (maybe just provide reading to do on own)</p> <p>reading straight off powerpoints is hard to follow; would prefer time to pre-read and then discuss material</p> <p>Powerpoint could be in larger print; clarify slide titles for referencing</p> <p>less reading off slides word for word</p> <p>would love to have digital access to charts, diagrams and powerpoint presentation</p> <p>location --> change to Calgary</p> <p>more clinical application, case studies</p> <p>would like to receive manual ahead of time to review material in order to keep up with speed of presentation</p>
