**WHERE
NATURE AND MEDICINE
MEET!**

www.Naturomedic.org

May 14, 2010

To all attendees:

Congratulations on completing the Emergency Procedures Course. Also thank you for attending the Emergency Procedures Training in Calgary Alberta on May 1 and 2, 2010. Please find enclosed your Certificate of Achievement and a course feedback summary, which is posted on NaturoMedic.org.

In response to your feedback and enquires: All attendees rated the course at 92% being very good to excellent in all categories except the facility. The feedback in regards to the facility mostly stated that it was cramped. Unfortunately I would need to know committed numbers of attendee's months in advance to rectify this problem.

Thank you for your feedback it will make this course better for future attendees and thanks for attending this course offered through NaturoMedic.org. Your participation enables NaturoMedic.org and Dr Prytula to sponsor four bursaries at the Boucher Institute of Naturopathic Medicine, four bursaries at the Canadian College of Naturopathic Medicine, the NaturoMedic room at CCNM as well as the NaturoMedic room at Boucher.

Sincerely,

Dr. Michael A. Prytula, ND
